## TO WHOM IT MAY CONCERN

The seat of the Palyul Lineage of Eastern Tibet, which is an integral part of Nyingma School of Tibetan Buddhism - the earliest Buddhist tradition of the Land of Snows, is one of the largest institutions of learning and practicing Tibetan Buddhism.

Today, I strongly feel that the enlightened activities of Lord Buddha and the compassionate blessings of Guru Padmasambhava as well as the noble aspirations of the Palyul Lineage Holders and the merits of the beings of European countries have assembled. This is the right time to establish a branch center of Palyul Lineage in European countries, where people can come to study and practice the vast and profound Kama (Buddha Word) and Terma (Treasures) teachings including the esoteric practice of Dzogchen Sangye Lakchang (Liberation in the Palm of Hand; a Dzogchen Teaching) which I have been holding very dear to my heart. I sincerely believe and hope that this noble task will help many beings.

To carry out this farsighted program, I have appointed Khenpo Pema Choephel whom I have conferred a Khenpo degree many years back, as the chief coordinator and would also like to thank all the supporters and well wishers. I will also pray and render all my possible assistance for its success. I am confident that this endeavor will be a source of enormous merits in this and the future lives. Hence, I request all the concerned to extend your beneficial encouragement and support with a great heart.
